Introduction to Rev. Daniel A. Chesbro

Ordained Minister
Intuitive Counselor
Lecturer and Teacher

In early 1986, Daniel received guidance saying simply, "It is time to call the Priests." With that statement and through subsequent dreams, came the knowledge that he is never to ask anyone to become a Priest, nor is he to turn any one away. There is no place for judgment. Each person who is moved to make this step has been prepared through lifetimes and was born already having made the decision to become a Priest. Regarding formal training, it was said, Jesus didn't tell the disciples to go to four years of seminary. He told them to teach people to love one another. Each person has had experiences in life and education, both formal and informal, which have been a preparation for their personal ministry, and any future studies chosen will be exactly perfect for carrying out their work.

Rev. Daniel Chesbro combines sensitive intuitive abilities with a ministerial background, psychological training, and metaphysical knowledge to teach guide and enhanced the lives of those he encounters. A dynamic lecturer and teacher, he encourages others to self love, self-confidence, balance and the pursuit of their own High Spiritual Self.

Ordination

The order of Melchizedek is a priesthood of individuals committed to teach and/or heal the Human Condition as it emerges into The Age of Aquarius. Priests are self-selected and their ultimate commitment is between God and themselves to share in their own ways. Everyone is welcome. There is no dogma, no hierarchy. Upon Ordination, you receive an "energy boost" to enhance the work that you are already doing. It is a brief and sacred ceremony with universal, yet also individual impact.
